Consumers Energy
Energy Incentive Team

To Whom It May Concern:

We have worked with Walker Electric on two Consumers Energy Incentive projects over the past two years. We have been extremely pleased with not only the Consumers' Incentives but especially with our contractors, Walker Electric. They have been most helpful navigating the incentive programs available and finalizing all of the work needing to be done. The installer's worked wonderfully around all of our facility activity while still getting the work completed in a timely manner.

I strongly recommend Walker Electric to all I come in contact with and recommend them to Consumers Energy for additional Energy Incentive Programs with Consumers.

Thank you for allowing us to work your incentive program through Walker Electric.

Peace,

A handwritten signature in black ink that reads "James B. Hagan". The signature is fluid and cursive, with a large initial "J" and "H".

Dear Friends,

During the month of May 2010, Walker Electric Inc., 3725 South Saginaw Street, Flint, Michigan, modified our lighting system under the Consumers Energy, Energy Conservation Incentive program. The project was completed in a timely fashion and appears to be achieving the anticipated goal.

If you have any other questions, please do not hesitate to contact the writer at the below listed telephone number.

Sincerely,

George L. Cleaves, Jr.
