Flint, MI 48507

Dear Jim and Dee,

We wanted to take this opportunity to thank you for doing such a great job on our GM Service Parts Operations project.

Your professionalism and willingness to work with us on schedule, through the planning phase and during the course of the project was truly appreciated. The pride that you and your employees took on this project definitely reflects your work ethic and the determination that you have to put forth a quality, "second-to-none" project.

We look forward to a long relationship with you and your company in the coming years. We know that when we need a contractor that can deliver timely and quality construction, we can count on you.

Again, my thanks!

Best Wishes,

Mark Krueger
